- 1. GERMAN-Selections from German Classics.
- 2. ETHICS.—Lectures; Notes on the History of Ethics.

SPRING TERM.

ASTRONOMY.—OLMSTED'S COLLEGE ASTRONOMOMY; Lectures.

HISTORY OF CIVILIZATION.—GUIZOT.

POLITICAL ECONOMY.-Lectures.

PSYCHOLOGY.—Notes, and Oral Expositions.

GENERAL INFORMATION.

LOCATION AND BUILDINGS.

The University is located at Granville, Licking County, Ohio, three and one-half miles from Urion Station, on the Baltimore and Ohio, and the Pittsburgh, Cincinnati and St. Louis Railroads, and six miles west of Newark, in one of the most beautiful and healthful portions of the State.

The buildings are situated on a hill, north of the town, less than six hundred yards from the Public Square. The site contains twenty-four acres, nearly half of it being a grove of old forest trees. The buildings are three. The first is a frame, 32x70 feet, three stories high, containing single rooms, and capable of accommodating forty students. The second is of brick, 133x45 feet, four stories high, containing four Recitation Rooms, two Society Halls and Libraries, the College Library, Reading Room, Cabinet and Lecture Room, besides thirty-three suites of rooms, affording accommodation for sixty-six students. Each suite of rooms consists of a sitting room 12x14 feet, a bed-room 8x11 feet and closets. The third building is of brick, 135 feet long, and four stories high, with basement room. It contains thirty-six suites of rooms, similar to those in the second building, and will accommodate seventy-two students; also, a fine Chapel, Natural History Room, and four Recitation Rooms.

When the supply of rooms in the College buildings is insufficien for the number of students in attendance, additional rooms can be procured in town.

TERMS AND VACATIONS.

The Commencement is held on the last Thursday of June in each year.

The College Year consists of thirty-nine weeks, and is divided into three Terms, as follows: The Fall Term of fifteen weeks, the Winter Term of thirteen weeks, and the Spring Term of eleven weeks. The Winter Vacation, which includes the Christmas Holidays, embraces two weeks; and the Spring Vacation, at the close of the Winter Term, one week.

EXPENSES-COLLEGE DEPARTMENT.

Tuition-

For the Fall Term\$	13 00
For the Winter and Spring Termseach,	10 50
The charges for Incidental Expenses are—	
For the Fall and Winter Termseach,	1 00
For the Spring Term	75
Room Rent in the brick edifices is—	
For the Fall Term	4 00
For the Winter and Spring Termseach,	3 00
In the frame edifice—	
For the Fall Term	2 50
For the Winter and Spring Terms	1 75

All term-bills are to be paid, or satisfactory security for their payment be lodged with the Treasurer, at the beginning of each term, before students can take their places in their classes. No charge for tuition, room rent, or incidentals, will be for a less time than half a term.

Board is not furnished in College. Most of the students board either in families or in clubs. The price is, in families, about \$3.00 per week; in clubs, about \$2.00. Occupants of the frame building may board themselves.

The College rooms contain only stoves and bedsteads. All other furniture, as well as fuel, lights and books, the students provide for themselves.

Text-books and stationery can always be obtained in the village or at the University.

The necessary expenses of a student for a year, exclusive of clothing and traveling, range from \$130 to \$200.

LIBRARIES, READING ROOM, AND CABINET.

The University and Society Libraries contain about twelve thousand volumes. The University Library is open in term time, daily, except Sundays, for the use of the members of the College Classes. The College Reading Room, open every afternoon and evening, is richly supplied with the choicest daily and weekly papers, and with the best English and American magazines and reviews.

The Cabinet contains a choice selection of shells, and full series of specimens for illustration in Geology, Mineralogy, Zoölogy and Archæology. During term time it is open daily, except Sundays, to students and visitors. Students in the College Department have the use of the University Library, as well as of the Cabinet, free of charge. Both Library and Cabinet are receiving constant accessions.

SOCIETIES.

There are two Literary Societies connected with the College Classes—the Calliopean and the Franklin—which have their own halls, and each a carefully selected library of about two thousand volumes.

ELOCUTION.

Provided a sufficient number of students so desire, facilities will be provided each Winter term for a competent and thorough course of instruction in Elocution. Charges for this course will, for the present, be extra.

VOCAL MUSIC.

Those students who have time and inclination, have the best of facilities for prosecuting the careful and scientific study of Vocal Music, under the instruction of Mr. Alonzo Knox. The charges for this instruction are special.

MORAL AND RELIGIOUS INFLUENCES.

The whole life and administration of the College, without being sectarian, is pronounced and positive in favor of the Christian religion. The exercises of each day begin with prayers in the College Chapel. This service the students are required to attend. They are also required

to attend Church twice each Sunday. Two regular weekly prayermeetings are sustained in the College. Students are made welcome in the various Sunday Schools of the village. In the Baptist Sunday School, several classes, taught by College Instructors, are intended expressly for students.

AIM.

It is the desire of the Trustees and Faculty, to conserve, and as far as possible, advance, the honorable reputation already accorded to this College, for thoroughness and other excellencies of mental discipline. The aim is to build, fashion, and develop young men, in the most earnest and successful manner possible, intellectually and morally, for the higher vocations and duties of life. Every possible resource and effort is, and will be, employed in furtherance of this end.

CLASS-ROOM METHODS.

These are not those of the technical school, but of the mental gymnasium. The text-book is not repudiated, but used with discretion, and supplemented, where necessary, by lectures. Students are kept earnestly and constantly employed, and their progress tested by daily recitations. Every effort is made to lead them to think for themselves, to analyze subjects and seize them by their principles. Discussion is encouraged. The hour for recitation is one also of instruction, the instructor becoming even more a helper than an examiner.

WEEKLY LECTURES.

A system of weekly lectures has been devised, by which students will be enabled, in the course of four years, to canvass, with considerable thoroughness, many highly interesting and important subjects which cannot justly, at least at present, be more fully introduced into the College *Curriculum*. These will include, besides several others, the following: Principles and Schools of Art; International Law; Roman Law; Modern History of Europe; Constitutional History of the United States; History of Greek, of Roman, and of English Literature; History of Mathematics, Geology, and Political Economy.

PUNCTUALITY AND DISCIPLINE.

Every student, unless excused for special reasons, is expected to attend at least three recitations or lectures a day. His attendance on these must be punctual. *Five* unexcused absences from College appointments during one term, or *twenty*, amassed in different terms, result in suspension from the College.

Careful records are kept by the College officers, from which each student's character for punctuality, as well as for attainment in his studies, can be at any time ascertained. This information, in the case of any student, will be furnished to his parents or guardian at any time, on application to the President.

BENEFICIARY AID.

Students for the Ministry, without means of supporting themselves, and properly recommended by piety and scholarship, can obtain assistance from the Ohio Baptist Educational Society. They are thus furnished with free tuition, besides from \$80 to \$150 per annum in cash.

EXAMINATIONS.

A rigid examination of every class is held at the close of each term. In most cases the examination is both oral and written. If a student's grade for a given term, falls below six-tenths of the *maximum*, he is not continued as a member of his class. In determining this grade, his examination mark has half the power of the aggregate of his term marks.

DEGREES.

Bachelor of Arts.—This degree is conferred only on such candidates for the same as have passed the requisite examinations upon all the studies of the regular Academic Curriculum in the University.

BACHELOR OF SCIENCES.—This degree is conferred only upon such candidates for the same as have passed examinations upon all the studies of the regular Scientific Curriculum. No further degree is conferred in course.

Candidates for these degrees are required to pay the Treasurer their

dues, including a graduating fee of five dollars, and to present a certificate of such payment to the President as early as the Monday before Commencement.

Master of Arts.—Every Bachelor of Arts of three years' standing, who has, during that time, sustained an honorable position in any learned profession, or otherwise maintained his intellectual growth, may receive the Degree of Master of Arts, on the payment of a fee of five dollars, provided he shall, in the interval, have borne a good moral character. Application must be made to the President previous to Commencement.

ADVANTAGES.

Many considerations particularly recommend Denison University as a place for acquiring liberal learning. Its Courses of study are thorough and comprehensive; students in it are peculiarly free from incentives to dissipation; they are constantly subject to a strong Christian influence; the location of the University is beautiful and salubrious; the means of living are obtainable at a low price, and the intellectual life of the College community is quickened by the presence of other schools.

TO THE ALUMNI.

Catalogues will be sent each year to all the Alumni of the College, whose residences are known to the President. Persons aware of recent changes of residence on the part of Alumni, will confer a favor by sending to the President the names of the new residences. Alumni who have not received the recent Catalogues of the College, will, if they see this note, know the reason and its remedy.

THE PREPARATORY DEPARTMENT.

Most of the General Information relating to the College Department applies equally to this. A few items may, however, be profitably added.

AIM AND METHOD.

It is the special aim of this Department to bestow the very best quality of preparatory instruction. Its Courses are especially shaped to the *Curricula* of this College, but students who have thoroughly completed them, will, in general, find no difficulty in entering any other American College. The Instructors are accomplished, experienced, enthusiastic, and painstaking. The method is one with that employed in the College Department: daily, and sufficiently exacting recitations on the part of the student, and careful, laborious exposition on the part of the Instructor.

EXPENSES.

The expenses in this Department are the same as in the College Department, with the exception of Tuition. The Tuition in the Preparatory Department is:

For the Fall Term\$10 00 For the Winter and Spring Terms(each), 7 50

ENGLISH AND GENERAL STUDIES.

Parties not accommodated by any among the regular Courses of Study, can join such classes in either the Preparatory or the College Department, as they may be prepared to enter. Such students, however, will not be allowed to impede their classes by poor scholarship.

Besides the regular classes, classes in Higher Arithmetic and Book-

keeping, may be formed each term. Classes in Penmanship and Phonography may also be formed at any time, and the most excellent facilities are, at present, afforded for prosecuting the careful and scientific study of Vocal Music.

DEFICIENCIES IN CERTAIN BRANCHES.

Students often apply for admission to the regular classes, who are behind those classes in a single study or more. If such students show ability, all possible accommodation and help are always afforded them in compassing their purpose. It is sometimes, however, necessary for them to secure private instruction for a short time; but this can be obtained at very reasonable rates.

LITERARY SOCIETY.

The Ciceronian Society, a flourishing organization, designed for debate and literary culture, is open to all the members of this Department.

REGULARITY AND PUNCTUALITY.

Students always lose much by beginning the studies of a term behind their classes; likewise by absence, even for a single day. Such losses can never be fully repaired. Also, although students are admitted at any time, it is highly desirable that they begin their studies at the College, with the Fall Term. If the attendance is expected to be only for a single term, that term is the best. If for longer, especially if it is to be for a year or more, the regularity secured by beginning with the College Year in September, adds very greatly to the profit of the study.

DISMISSION.

Students leaving before the close of a term will not be regarded as having honorably terminated their connection with the College, unless regularly dismissed by the President.

Alumni Association.

OFFICERS FOR 1877-78.

REV. T. J. SHEPPARD	
Rev. H. A. DELANO	Vice President.
GEO. F. McKIBBEN	Secretary.
J. R. DAVIES	Treasurer.
Prof. L. E. HICKS,	7
PROF. W. A. STEVENS,	Executive Committee.
GEO. F. McKIBBEN,	<u> </u>

· ORATOR FOR 1878.

JUDGE ALLEN ZOLLARS.....Fort Wayne, Ind.
